NOTES FROM MISSION

DIRECTOR:

A great thank you to everyone on campus who have helped with the many jobs and responsibilities that have to be covered during the summer - maintaining staff houses, classrooms at the academy, hosting teams, cleaning dormitories, etc. Most people assume the campus is dead, but as you have seen it is anything but! Thank you for your help, the initiative that many of you have taken to see things that need to be fixed and your cooperation with William and Ronald as we juggle construction workers around campus.

Please also take note that I will be out of the country from July 24th to Aug 10th. Dr. Glenn Byerly will be acting as head of the mission in my absence. Glenn will be signing checks for staff housing maintenance and all college operations.

As we transition from my father as president of the mission, I am reminded of a passage from Joshua 24:30 " Israel served the Lord all the days of Joshua, and all the days of the elders who outlived Joshua (the next generation), who had known all the works of the Lord which God had done in Israel." Beautiful passage. We have seen God do great and wonderful things at ABC in the past, now we can look forward with great faith and confidence that God will do great things in the future!
